Newsletter of the Western Antique Power Associates

Highland Citrus Festival by Ron Haskell

The Highland Citrus Festival has always been a fun show to do, and this year was no exception. The day started off cold, but when the sun came up it warmed up nicely with not too much wind. We had our usual spot on Palm at Pacific, and ten engine displays were set up. We had Jerry Wyatt with a couple of early Briggs and Stratton engines, one converted to horizontal side shaft; Bill and Colleen Karp IH LB powering a corn sheller; Lance Wilson and his Allis Chalmers tractor; Mitchell Reichwein with a 1919 1 1/2 hp International M; Paul Montgomery with 1922 Economy and pump jack; Clay Wilson and his 1914 Headless Witte; Ron Haskell with a 1917 7hp Economy; Bob Smith with his newly restored 1945 IH LB; Dave Foley with a 1923 1 1/2 hp Fairbanks Morse; Tom Denson displayed his 1926 Fuller & Johnson powering a blower; Merle Morse with his 1923 7 hp Witte powering an air compressor to run a small steam engine running a power hacksaw; Joe Siddons demonstrated rope making; with Roger Meeker helping out as needed.

Crowd was average, but a great time was had by all.

President's Message by Bob Smith

We have been participating in some very good shows in the past 2 months. They have been well attended by the public and WAPA members, but I see the same loyal faces each time. I sure would like to see some other members show up once in a while. Bring out some equipment running or not. If it doesn't run then I am sure that someone will either get it running or give you advice as to what needs to be done.

We always have a great time at these events. So, pack up that old iron and haul it out to a show. We would love to have you.

On another note, we are getting very good participation on work days at our building at Cal Poly. Some are working on improving the building while others are either working on weed abatement or getting tractors running. We always have a great time.

Next WAPA Board Meeting

June 3, 2023

9:00am at Cal Poly

The May meeting is cancelled!

La Verne Cool Cruise Car Show by Paul Montgomery

The La Verne Cool Cruise car show has quickly become one of WAPA's most popular events. With a great display area right in the middle of downtown, we get lots of spectators throughout the day. Highlights of this year's WAPA display were Rob's very rare Hornsby with its newly installed gas bag and Danny with his California made Samson oil field engine. And with our new private show entrance displaying couldn't be easier. A big thanks to Mitchell for all his extra efforts in organizing this excellent event.
