

HIT & MISS

Newsletter of the Western Antique Power Associates

President's Message by Bob Smith

We are at the half-way mark for the year and I must say we have had a great first half with 7 great events WAPA members participated in. We also enjoyed a day on the farm BBQ and swap meet where mother nature was not kind to us. It was well attended but could have been better. Well, brace yourself because the last half is also filled with more shows, a planned swap meet, and the month-long Pumpkin Festival at Cal Poly. Lets get ready to make some smoke and noise and have some fun along with it.

Some members showed an interest in having another swap meet in the summer along with a scaled down BBQ. We will try and plan for something, maybe in August. The weather should be nice and I'm sure there are plenty of treasures looking for a new home.

Our building at Cal Poly is coming along nicely. Work crews are keeping ahead of the weeds with weekly weed abatement. Larry Madole donated a 20' cargo container and we have it placed and already starting to fill it to open up floor space in the main building. Tractors are being worked on to keep them in good running condition. And lunch is always the highlight after a hard morning's work.

Try to get involved in whatever way you can. It's a lot of fun.

Next WAPA Board Meeting
July 1, 2023
9:00am at Cal Poly

Danny Ponce was the proud recipient of a trophy at this year's Steve McQueen Car Show.

Ron moving the cargo container with WAPA's forklift.

Great progress is being made on repairing the clutch on the club's Minneapolis Moline.

Friends of Steve McQueen Car and Motorcycle Show by Paul Montgomery

One of WAPA's favorite shows of the year is the prestigious Friends of Steve McQueen Car and Motorcycle show at the Boys Republic in Chino Hills. This year's charitable event raised over \$500,000 which helps fund programs for disadvantaged youths. Our new display area was by the main entrance where we had a steady stream of interested spectators all day. Besides cars and motorcycles on display, you could see top fuel dragsters, military vehicles, trick horse riding, and even go for a hot air balloon ride. This year's Boys Republic alternative energy award went to WAPA for our great engine/tractor display.

WESTERN ANTIQUE POWER ASSOCIATES
